

If you've asked yourself, "What can I do to help my coworkers expand their world view?" Then Medic's **Diversity Resource Group (DRG)** is looking for you... DRG is in need of unique individuals who understand that diversity is an art. The art of thinking independently, together.

DRG is taking applications. A two-year, paid commitment that challenges you to be a voice. A voice that understands that human diversity is more than a virtue. It's a part of Medic's Purpose.

Be a part of something bigger than yourself. Join the conversation...

OUR PURPOSE.
