Interaction Button – System / Server

The screenshot displays the MARVLIS software interface, version 4.3.0.17 x64, configured for Prod Client 4(30) Primary. The interface is divided into several sections:

- Top Bar:** Displays "Off Duty" status, the time "337:50:33", and navigation icons. A blue arrow points to the "System / Server" interaction button.
- Map:** Shows a street map with labels for "E 5th St", "2037", "2041", "105", "2109", "2118", and "2102 Ke. Av".
- Left Panel:** Contains a list of patients with their IDs and names. The selected patient is Charlie, with ID 348, located at 7324 Fallow Ln, M41, with a complaint of "10- Chest Pain".
- Right Panel:** Displays detailed information for the selected patient, including their current IP, port, ID, and a list of incoming and outgoing messages. The messages are timestamped and include details about the patient's status and location.
- Bottom Bar:** Shows the user's name "Scott Bodien, GIS Analyst", the agency "Mecklenburg EMS Agency", the phone number "980-214-7890", the email "scott.bodien@medic911.com", the map update date "12 July 2021", and the power source "Powered by Esri".

The interface also includes a "Close" button at the bottom of the right panel and a "GPS | PRIMARY SERVER" indicator at the bottom left.

If Unit Having Issues, IT May Ask You To Look At This Area

Interaction Button – System / GPS

The screenshot displays the MARVLIS software interface. At the top, the status bar shows 'MARVLIS Version: 4.3.0.17 x64 Configuration: Prod Client 4(30) Primary'. The main window is titled 'Off Duty' with a timestamp of '337:51:01'. On the left, there are map navigation controls including a zoom in (+) button, a zoom out (-) button, and a user icon. The map shows a street grid with labels like 'E 5th St' and '2102 Ke. Av'. A 'Signal Noise Ratio' window is open in the center, featuring a circular radar-like display and three tabs: 'SkyView' (selected), 'Raw Data', and 'GPS Device'. Below the tabs, it shows various data points: Lat 0, Long 0, Altitude 0, Fix, Speed 0 MPH, Bearing 0°, HDOP 0, VDOP 0, and PDOP 0. A 'Close' button is at the bottom of this window. On the right, a list of incidents is displayed, each with a unit number, address, and status. A blue arrow points to a menu icon in the top right corner of the interface.
